

CERTIFICATED IV WORKPLACE HEALTH & SAFETY BSB41419

ABOUT THE COURSE

The Certificate IV in Work Health and Safety BSB41419 is the most current qualification approved by ASQA. It provides the skills and knowledge covering topics such as the informed application of relevant legislation, the identification of workplace hazards, risk assessment, emergency procedures, and workplace monitoring. Meet WHS compliance laws, implement and maintain WHS systems, manage WHS hazard and risk management, incidents, and emergency procedures.

TARGET AUDIENCE:

This qualification applies to individuals considering a career or currently working in a work health and safety (WHS) role that provides a broad range of technical knowledge and skills with some limited responsibility for the productivity of their colleagues. This includes WHS personnel, and workers in other WHS related roles who manage risk, apply relevant WHS law, and contribute to WHS within the workplace. This course is ideal for individuals with more than 12 months of relative industry experience and looking to formalise their current WHS skills and knowledge through a nationally accredited skills recognition program.

Self-Paced Course

The course can be completed at your own pace up to 12 months at \$1,000pp online or \$1,495pp corporate group in-person.

Face-to-Face or Online

The course can be delivered onsite face-to-face by our experienced industry trainers or self-paced online.

Career Pathways

Potential career pathways may include but are not limited to: Safety Officer, Safety Advisor, Site Safety Coordinator, Safety Compliance Officer.
